

Somerset Food Trail

The Esk Grand Hotel

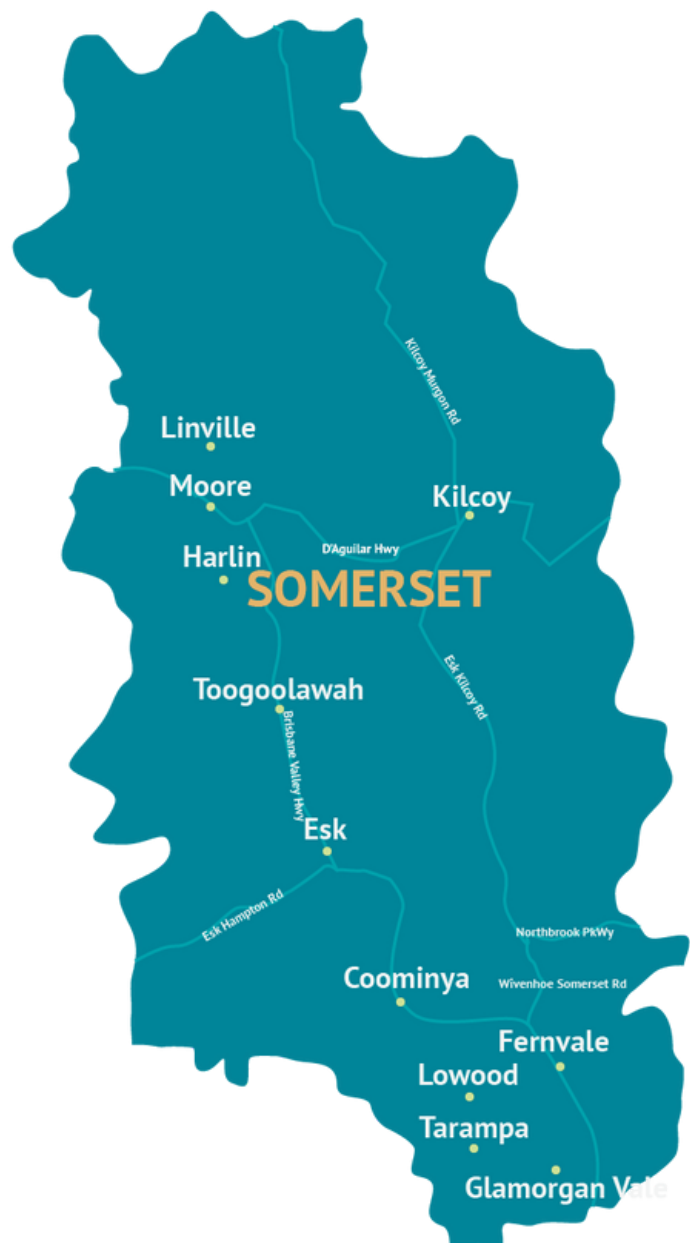

Local produce, perfectly prepared

Here in Somerset, we love nothing more than to dig into a generous serve of home-cooked tucker.

Tempt your tastebuds with hearty country meals prepared with farm fresh produce.

Somerset boasts a strong history of farming and food production, supplying an abundance of produce to market. That's why our local cafes and pubs always serve up the goods, packed with fresh Somerset flavours.

Delight in some of the local specialties of prime beef and venison or catch your own campfire treat of fresh fish and red claw yabbies.
