Adventure through

Jimna

EXPERIENCE Somerset
experiencesomerset.com.au

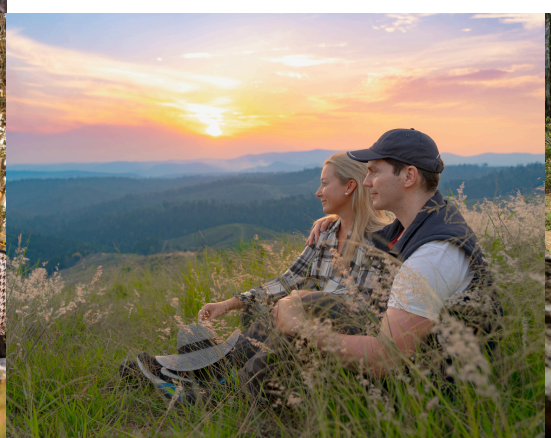
Get ready for a day full of thrills and adventure through beautiful untouched rural forestry.

Nature's calling
With plenty of tracks and drives to explore through the Jimna Range and Conondale National Park, Jimna is a four-wheel driver's paradise.

Hiking Heaven
If four-wheel driving isn't your thing, you can still enjoy the rural scenery on foot! Hike through the hills of Jimna at Peachtrees Camping and Day Use Area and uncover stunning scenery and native flora and fauna. Jimna is an ideal spot for wildlife spotters and bird watchers.

Picnic perfection
Jimna and surrounds also offer an abundance of perfect picnic spots to choose from. Shake out the picnic rug and unpack some lunch, before continuing your exploration of the surrounding forest by car or foot.

Get back to Nature
While exploring Jimna and surrounds, listen out for the pleasant sounds of Bellbirds and other wildlife hiding away in the trees and scrub. Say hi to the resident kangaroos, koalas, platypuses and native wildlife that call Jimna home.

Finish off your day with a visit to the Jimna Fire Tower. Standing at an impressive 47m tall, the tower is heritage listed, and the tallest of its kind in the southern hemisphere.


Sleep under the stars
It's time to settle in for the night. Rest easy under the stars at Jimna Base Camp, located at the old Jimna State School. It offers acres of scenic space for camping, with unpowered campsites and bathroom amenities. You can also make use of the old Principal's cottage, now a fully furnished three-bedroom holiday house. Or, set up camp at Peach Trees Camping Area, an open forest camping beside Yabba Creek, complete with bush walking tracks and local wildlife.
